

Create a Family Account:

With this option in place, you can sign into ***shopwithscrip.com*** and start shopping.

It allows you to maneuver around their website and place gift cards into your cart.

After I fill my cart, then what?

When you use a paper order form, you fill out the form, pay with cash/check, and receive your gift cards – either from inventory or a week later, after they've been ordered.

The Family Account, is almost identical, only you're not using a pen, you're using your keyboard.

You can print your order, bring it Seven Sorrows, pay for it, and receive your cards – either from inventory or a week later after they've been ordered.

What if I don't have a printer?

That's okay; your order has been posted to our Scrip software program. If you can't print it, we have it.

Then why do I need to print it?

It's just so your cash/check are paper clipped or stapled to something that matches up to it. It's helpful to us.

What's required to Sign Up?

- *Sign in Name*
- *Password*
- *Enrollment Code: ELL299D51L54*
- *Some personal info like name, address etc.*

That's it?

That's it.

What's the name of the website again?

Shopwithscrip.com
